#### **DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2024**

The directors present the Annual Report and the audited financial statements of Graniteshares Financial Public Limited Company (the "Company") for the financial year ended 30 June 2024.

#### **PRINCIPAL ACTIVITIES**

The Company is a public limited company, incorporated in Ireland on 17 July 2017, in accordance with the laws of Ireland with a registration number 608059.

The Company has been formed for the purpose of issuing collateralised exchange traded products ("ETP Securities" or ("ETPs")) and entering into a fully funded Swap agreements. Commercial activity commenced in September 2019 with the ETP Securities initially listed on the London Stock Exchange for trading on the secondary market.

The Company established a Collateralised ETP Securities Programme under which the Company issues, on an ongoing basis, collateralised exchange traded products of different classes (each a "Class") linked into indices providing exposure to a range of asset classes including equities, commodities, fixed income and currencies. The ETP Securities may have long or short, leveraged or unleveraged, exposure to the daily performance of the referenced index.

Each Class constitutes limited recourse obligations of the Company, secured on and payable solely from the assets constituting the ETP Securities in respect of such Class. Each Class of ETP Securities may comprise one or more tranches.

The ETP Securities have been listed for trading on the London Stock Exchange, Borsa Italiana S.p.A. (the "Italian Stock Exchange"), Euronext Paris and Deutsche Borse (the "Frankfurt Stock Exchange"). The Company uses the net proceeds of the issuance of the ETP Securities to enter into Total Return Swap Transactions ("TRSs") to hedge its payment obligations in respect of each Class of the ETP with one or more Swap Providers once the Swap Provider has delivered eligible collateral. The TRS for each Class of ETP Securities will produce cash flows to service all of the Company's payment obligations in respect of that Class.

As at financial year ended 30 June 2024, there were 109 ETPs in issuance (2023: 109 ETPs). The purchases over the financial year amounted to €201,188,492 (2023: €240,977,908) with sales of €264,002,053 (2023: €231,042,886).

Cash flows are a result of subscriptions and redemptions of ETP securities and expenses incurred. A movement on collateral does not generate a cash flow. The proceeds of the issuance of a tranche of ETP Securities of a Class will be paid by the Company to one or more of the Swap Providers with whom the Company has entered by the Company in relation that Class in proportion to the increase in the number of ETP Securities of that Class then outstanding.

The Company's payment obligations in respect of the ETP Securities of a Class will be covered entirely from payments received by the Company from the Swap Providers in respect of such TRS. Pursuant to the terms of each credit support document, the Company will be obliged to pay amounts equal to each distribution made on collateral held by it to the relevant Swap Provider upon receipt.

The ETP Securities do not bear interest at a prescribed rate. The return (if any) on the ETP Securities shall be calculated in accordance with the redemption provisions. The Classes of ETP Securities are disclosed in note 11.

There were no acquisitions of own shares by the Company during the financial year (2023:nil).

The Company does not have any branches.

The principal financial risks and uncertainties facing the Company during the financial year relate to the financial instruments held by it and are set out in note 14 to the financial statements and the Company expects the nature of these risks and uncertainties to remain the same for the foreseeable future.

#### **FUTURE DEVELOPMENTS**

The plan for the foreseeable future is to continue with the issuance of ETPs under the programme mentioned above which may include listings on other stock exchanges.

#### **RESULTS AND DIVIDENDS**

The results for the financial year and the Company's financial position at the end of the financial year are set out on page 15 and 16, respectively. Profit on ordinary activities before taxation amounted to €1,000 (2023: €1,000). The corporation tax charge for the financial year is €250 (2023: €250).

No dividends were recommended to be paid for the financial year ended 30 June 2024 (2023: €nil).

#### DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2024 (CONTINUED)

Key performance indicators	Financial year ended 30 June 2024 €	Financial year ended 30 June 2023 €
(a) Net gain on financial assets at FVTPL	142,193,957	35,822,145
(b) Net loss on financial liabilities at FVTPL	(142,193,957)	(35,822,145)
(c) Financial assets at FVTPL	245,078,546	165,698,150
(d) Financial liabilities at FVTPL	(245,078,546)	(165,698,150)

#### PRINCIPAL RISKS AND UNCERTAINTIES

The operations of the Company are subject to various risks. Information about the financial risk management objectives and policies of the Company, along with exposure of the Company to market risk, currency risk, liquidity risk, concentration risk and operational risk, are disclosed in note 14 to the financial statements.

The ETP Securities continued to perform in line with their relevant benchmarks each disclosed in the programme's base prospectus as well as each ETP Securities' final terms (both set of documents available at www.graniteshares.com/ETPS).

Financial markets performed very well during the 01 July 2023 to 30 June 2024 fiscal year. According to Bloomberg and during that period, the S&P 500 gained 24.6% while the technology-oriented NASDAQ-100 finished up 30.9%. The development in activity related to artificial intelligence positively impacted some of the largest US public companies. In addition the reduction in the US Federal Reserve interest rate benchmarks resulted in an overall increase in valuation across the U.S. equity market. European markets also finished the period in positive territory, with the Eurostoxx 50 Index up by 15.0% over the period according to Bloomberg. European markets were affected by political uncertainties and a lesser exposure to the technology sector.

#### **GOING CONCERN**

The directors have assessed the ability of the Company to continue in operational existence for twelve months from the date of approval of the financial statements ('the period of assessment') and have concluded that it is appropriate to prepare the financial statements on a going concern basis.

The nature of the Company's business dictates that the outstanding ETPs may be redeemed at any time by any authorised participant who has entered into an authorised participant agreement with the Company. As the redemption of ETPs will coincide with the sale of an equal amount of the TRSs, no liquidity risk is considered to arise. The Company has entered into its primary service contracts with service providers on a non-recourse basis and these costs are being met by GraniteShares Jersey Limited. Therefore, the directors are confident that the Company will have the ability to continue to pay its operating costs and any redemptions that may arise within the period of assessment.

Based on the above, the directors have concluded that the Company has no material uncertainties which would cast a significant doubt on the Company's ability to continue as a going concern over the period of assessment.

#### **DIRECTORS AND COMPANY SECRETARY**

The Secretary of the company is TMF Administration Services Limited. The directors and the company secretary are listed on page 1. Raja Gul and Aileen Mannion are the current active directors. During the financial year Jerrick Sy served as alternative director. The directors and the company secretary had no material interest in any contract of significance in relation to the business of the Company. The directors and company secretary who held office on 30 June 2024 did not hold any shares, debentures or loan stock of the Company on that date or during the financial year (2023: same).

#### **POWERS OF DIRECTORS**

The directors are responsible for managing the business affairs of the Company in accordance with the Company's Constitution. The directors may delegate certain functions to TMF Administration Services Limited (the "Administrator") and other parties, subject to the supervision and direction of the directors.

#### DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### **DIRECTORS' COMPLIANCE STATEMENT**

The directors, in accordance with Section 225(2)(a) of the Companies Act 2014 (the "Act"), acknowledge that they are responsible for securing the Company's compliance with its relevant obligations. Relevant obligations, in the context of the Company, are the Company's obligations under:

- (a) the Act, where a breach of the obligations would be a category 1 or category 2 offence;
- (b) the Act, where a breach of the obligation would be a serious Market Abuse or Prospectus offence; and
- (c) tax law.

Pursuant to Section 225(2)(b) of the Act, the directors confirm that:

- (i) a compliance policy statement has been drawn up as required by Section 225(3)(a) of the Act setting out the Company's policies (that, in the directors' opinion, are appropriate to the Company) respecting compliance by the Company with its relevant obligations;
- (ii) appropriate arrangements and structures have been put in place that, in their opinion, secure material compliance with the Company's relevant obligations; and
- (iii) a review has been conducted, in the financial year, of the arrangements and structures referred to in paragraph (ii).

#### **CORPORATE GOVERNANCE STATEMENT**

The directors have established processes regarding internal controls and risk management systems to ensure effective oversight of the financial reporting process. These include appointing the Administrator to maintain the accounting records of the Company. The Administrator is contractually obliged to maintain adequate accounting records and to that end the Administrator performs reconciliations of its records to those of Graniteshares Jersey Limited ("the Arranger"). The Administrator is also contractually obliged to prepare the annual report including financial statements for review and approval by the directors. The directors evaluate and discuss significant accounting and reporting issues as the need arises.

From time to time the directors also examine and evaluate the Administrator's financial accounting and reporting routines and monitor and evaluate the external auditors' performance, qualifications and independence. The Administrator has operating responsibility for internal control in relation to the financial reporting process and reports to the directors. The directors are responsible for assessing the risk of irregularities whether caused by fraud or error in financial reporting and ensuring the processes are in place for the timely identification of internal and external matters with a potential effect on financial reporting. The directors have also put in place processes to identify changes in accounting rules and recommendations and to ensure that these changes are accurately reflected in the Company's financial statements.

The Administrator is contractually obliged to design and maintain control structures to manage the risks which the directors judge to be significant for internal control over financial reporting. These control structures include appropriate segregation of responsibilities and specific control activities aimed at detecting or preventing the risk of significant deficiencies in financial reporting for every significant account in the financial statements and the related notes in the Company's financial statements. The directors delegate the asset valuation function to the Arranger who operates a sophisticated system of controls to ensure appropriate valuation. All the values for the financial instruments held by the Company have been provided by the Arranger and in our opinion, they are the most appropriate and reliable source of such fair values in its capacity as Arranger. We are satisfied that the amounts as stated in the Company's financial statements represent a reasonable approximation of those values.

The Company's policies and the directors' instructions with relevance for financial reporting are updated and communicated via appropriate channels, such as e-mail, correspondence and meetings to ensure that all financial reporting information requirements are met in a complete and accurate manner. The directors have an annual process to ensure that appropriate measures are taken to consider and address any shortcomings identified and measures recommended by the independent auditors. Given the contractual obligations of the Administrator, the directors have concluded that there is currently no need for the Company to have a separate audit committee or internal audit function in order for the directors to perform effective monitoring and oversight of the internal controls and risk management systems of the Company in relation to the financial reporting process. Therefore, the Company has taken the exemption available for Section 110 companies as set out under Section 1551 of the Companies Act 2014 S 11 (c) not to have a separate audit committee.

No director has a significant direct or indirect holding of securities in the Company. No person has any special rights of control over the Company's share capital. There are no restrictions on voting rights.

The directors are responsible for managing the business affairs of the Company in accordance with the Company Constitution. The directors may delegate certain functions to the Administrator and other parties, subject to the supervision and direction by the directors. The Board consists of two directors.

#### DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### **ACCOUNTING RECORDS**

The directors are responsible for ensuring that adequate accounting records, as outlined in Section 281 to 285 of the Companies Act 2014, are kept by the Company. The measures are taken by the directors to ensure compliance with the Company's obligation to keep adequate accounting records are the use of appropriate systems and procedures and ensuring that a competent service provider is responsible for the preparation and maintenance of the accounting records. The accounting records are kept at the Company's registered office at Ground Floor, Two Dockland Central, Guild Street, North Dock, Dublin, D01 KC25, Ireland.

#### SHAREHOLDER MEETINGS

The shareholder's rights and the operations of the shareholders meetings are defined in the Company's Constitution and complies with the Companies Act 2014.

#### **RELATED PARTY TRANSACTIONS**

The related party transactions in relation to the Company are disclosed in note 16.

#### SIGNIFICANT EVENTS DURING THE YEAR

The significant events during the year in relation to the Company are disclosed in note 17.

#### SIGNIFICANT SUBSEQUENT EVENTS

The significant subsequent events in relation to the Company are disclosed in note 18.

#### **POLITICAL DONATIONS**

The Company did not make any political donations during the financial year (2023: nil).

#### RESEARCH AND DEVELOPMENT

The Company did not engage in any research and development activity during the financial year (2023: nil).

#### INDEPENDENT AUDITOR

Grant Thornton, Chartered Accountants and Statutory Audit Firm is the independent auditor for the Company and will continue in office in accordance with section 383(2) of the Companies Act 2014.

#### RELEVANT AUDIT INFORMATION

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that:

- so far as that director is aware, there is no relevant audit information of which the Company's auditors are unaware;
   and
- that director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

This report was approved by the Board on 25 October 2024 and signed on its behalf by:

Raja Gul Director Deirdre Brennan Director (alternate)

#### **DIRECTORS' RESPONSIBILITY STATEMENT**

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable Irish company law and regulations.

Irish company law, requires the directors to prepare financial statements for each financial year. Under that law, they have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union and applicable Irish law.

Under Irish company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the Company and of its profit or loss for that financial year and otherwise comply with Companies Act 2014. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- · state whether they have been prepared in accordance with IFRS as adopted by the European Union;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern;
- use the going concern basis of accounting, unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative, but to do so; and
- ensure the annual report and financial statements include a fair review of the development and performance of the business and the option of the Issuer, together with a description of the principal risks and uncertainties the Company faces.

The directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the assets, liabilities, financial position and profit or loss of the Company and enable them to ensure that the financial statements comply with the Companies Act 2014. They are responsible for such internal controls as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities. The directors are also responsible for preparing a Directors' Report that complies with the requirements of the Companies Act 2014.

This report was approved by the Board on 25 October 2024 and signed on its behalf by:

Raja Gul Director Deirdre Brennan Director (alternate)

#### Report on the audit of the financial statements

#### **Opinion**

We have audited the financial statements of GraniteShares Financial Plc (the "Company"), which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Equity, the Statement of Cash Flows for the financial year ended 30 June 2024, and the related notes to the financial statements, including the summary of material accounting policies.

The financial reporting framework that has been applied in the preparation of the financial statements is Irish law, including the Commission Delegated Regulation 2018/815 regarding the single electronic reporting format (ESEF), and International Financial Reporting Standards (IFRS) as adopted by the European Union.

In our opinion, GraniteShares Financial Plc's financial statements:

- give a true and fair view in accordance with IFRS as adopted by the European Union of the assets, liabilities and financial position of the Company as at 30 June 2024 and of its financial performance and cash flows for the financial year then ended; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (Ireland) ('ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the 'Responsibilities of the auditor for the audit of the financial statements' section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, including the Ethical Standard for Auditors (Ireland) issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and the ethical pronouncements established by Chartered Accountants Ireland, applied as determined to be appropriate in the circumstances for the Company. We have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the Directors' use of going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the Directors' assessment of the Company's ability to continue as a going concern basis of accounting included:

- Obtaining and reviewing the directors' formal assessment of going concern;
- Reviewing post year-end performance and business activities;
- Making enquiries with management and reviewing the board minutes in order to understand the future plans and to identify potential contradictory information; and
- Assessing the adequacy of the disclosures with respect to the going concern assumption.

#### **Conclusions relating to going concern (continued)**

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

#### **Key audit matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current financial period and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit, and the directing of efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and therefore we do not provide a separate opinion on these matters.

#### Overall audit strategy

We designed our audit by determining materiality and assessing the risks of material misstatement in the financial statements. In particular, we looked at where the directors made subjective judgements, for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain / the selection of pricing sources to value the investment portfolio. We also addressed the risk of management override of internal controls, including evaluating whether there was any evidence of potential bias that could result in a risk of material misstatement due to fraud.

Based on our considerations as set out below, our areas of focus included:

- Existence of financial assets and financial liabilities at fair value through profit or loss
- Valuation of financial assets and financial liabilities at fair value through profit or loss

#### How we tailored the audit scope

The Company is a public limited company and qualifies for the regime contained in Section 110 of the Irish Taxes Consolidation Act, 1997. The Company has listed exchange traded products ("ETP Securities" or ("ETPs")) on the London Stock Exchange, Italian Stock Exchange, Euronext Paris, and Frankfurt Stock Exchange. The Directors control the affairs of the Company and they are responsible for the overall investment policy, which they determined. The Company engages TMF Administration Services Limited (or the "Administrator") to manage certain duties and responsibilities including the maintenance of the accounting records. The financial statements, which remain the responsibility of the Directors, are prepared on their behalf by the Administrator.

We tailored the scope of our audit taking into account the types of investments within the Company, the involvement of third party service providers, the accounting processes and controls, and the industry in which the Company operates.

#### **Key audit matters (continued)**

#### How we tailored the audit scope (continued)

In establishing the overall approach to our audit we assessed the risk of material misstatement at a Company level, taking into account the nature, likelihood and potential magnitude of any misstatement. As part of our risk assessment, we considered the Company's interaction with the Administrator, and we assessed the control environment in place at the Administrator.

#### Materiality and audit approach

The scope of our audit is influenced by our application of materiality. We set certain quantitative thresholds for materiality. These, together with qualitative considerations, such as our understanding of the Company and its environment, the history of misstatements, the complexity of the Company and the reliability of the control environment, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures and to evaluate the effect of misstatements, both individually and on the financial statements as a whole.

Based on our professional judgement, we determined materiality for the Company as follows: 1% of Total Assets at 30 June 2024. We considered Total Assets to be the most appropriate benchmark on which to base our materiality, based on the principal activities of the Company and the significance of the assets they hold.

We have set performance materiality for the Company at 75%, having considered our prior year experience, business risks and fraud risks associated with the entity and it's the control environment. This is to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements in the financial statements exceeds materiality for the financial statements as a whole.

We agreed with the Directors that we would report to them misstatements identified during our audit above 5% of materiality as well as misstatements below that amount that, in our view, warranted reporting for qualitative reasons.

#### Significant matters identified

The risks of material misstatement that had the greatest effect on our audit, including the allocation of our resources and effort, are set out below as significant matters together with an explanation of how we tailored our audit to address these specific areas in order to provide an opinion on the financial statements as a whole. This is not a complete list of all risks identified by our audit.

Existence of financial assets and liabilities at fair value through profit or loss (Notes 2, 8, 11, and 14)

#### Description of significant matter

# Financial assets and financial liabilities at fair value through profit or loss represent a principal element of the financial statements. We considered the risk that the financial assets (Total Return Swap Transactions (TRSs)) and financial liabilities (Exchange Traded Products (ETPs)) at fair value through profit or loss included in the Statement of Financial Position did not exist or that they were not held in the Company's

#### Audit response to significant matter

The following audit work has been performed to address the risks:

- we held discussions with management and conducted a walkthrough to gain an understanding of the TRSs and ETPs existence process including relevant controls;
- we obtained direct independent confirmation of the existence of the TRSs with the relevant counterparty, Natixis S.A., swap counterparty in the Company's financial assets (TRSs), and agreed to accounting records; and

name at the financial year end, which could result in a material misstatement.

Significant auditor's attention was deemed appropriate because of the materiality of the financial assets and financial liabilities at fair value through profit or loss. As a result, we considered this as key audit matter.

 we obtained direct independent confirmation of the existence of the ETPs with the relevant note trustee, the Bank of New York, charged with safeguarding the Company's financial liabilities (ETPs) and agreed to accounting records.

Our planned audit procedures were completed without material exception.

#### Valuation of financial assets and liabilities at fair value through profit or loss (Notes 2, 8, 11, and 14)

### Description of significant matter

There is a risk that the financial assets (TRSs) and financial liabilities (ETPs) at fair value through profit or loss included in the Statement of Financial Position as at 30 June 2024 are not valued at fair value in line with IFRS 9, Financial Instruments.

Significant auditor's attention was deemed appropriate because of the materiality of the financial assets and financial liabilities at fair value through profit or loss. In addition, the valuation is also a key contributor to the financial performance of the Company.

#### Audit response to significant matter

The following audit work has been performed to address the risks:

- we held discussions with management and conducted a walkthrough to gain an understanding of the TRSs and ETPs valuation process including relevant controls;
- we tested a sample of TRSs purchases and sales by tracing the sample to confirmation reports, and ETPs subscriptions and redemptions by tracing to issuance deeds and redemption notices and repricing to independent pricing source;
- we re-performed the assigned valuation of each instrument using independent pricing sources i.e. Bloomberg;
- we reviewed the correct classification of fair value hierarchy based on IFRS 13, Fair Value Measurement, and
- we reviewed the adequacy of disclosures in the financial statements in accordance with IFRS as adopted by the European Union.

Our planned audit procedures were completed without material exception.

Notes 2, 8, 11 and 14 to the financial statements detailed the accounting policies, valuation and existence of the financial assets and financial liabilities at fair value through profit or loss held by the Company at the financial year-end and financial risk management, respectively.

#### **Other information**

Other information comprises information included in the annual report, other than the financial statements and the auditor's report thereon, including the Directors' Report, which contains a Corporate Governance Statement. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

#### Other information (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If we identify such material inconsistencies in the financial statements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

#### Matters on which we are required to report by the Companies Act 2014

- We have obtained all the information and explanations which we consider necessary for the purposes
  of our audit.
- In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited.
- The financial statements are in agreement with the accounting records.
- In our opinion the information given in the Directors' Report is consistent with the financial statements. Based solely on the work undertaken in the course of our audit, in our opinion, the Directors' report has been prepared in accordance with the requirements of the Companies Act 2014.

#### Matters on which we are required to report by exception

Based on our knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' Report.

Under the Companies Act 2014 we are required to report to you if, in our opinion, the disclosures of directors' remuneration and transactions specified by sections 305 to 312 of the Act have not been made. We have no exceptions to report arising from this responsibility.

#### **Corporate governance statement**

In our opinion, based on the work undertaken in the course of our audit of the financial statements, the description of the main features of the internal control and risk management systems in relation to the financial reporting process, specified for our consideration and included in the Corporate Governance Statement, is consistent with the financial statements and has been prepared in accordance with section 1373(2)(c) of the Companies Act 2014.

Based on our knowledge and understanding of the Company and its environment obtained in the course of our audit of the financial statements, we have not identified material misstatements in the description of the main features of the internal control and risk management systems in relation to the financial reporting process included in the Corporate Governance Statement.

# Responsibilities of management and those charged with governance for the financial statements

As explained more fully in the Directors' responsibilities statement, management is responsible for the preparation of the financial statements which give a true and fair view in accordance with IFRS as adopted by the European Union, and for such internal control as they determine necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

#### Responsibilities of the auditor for the audit of the financial statements

The objectives of an auditor are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Irish Auditing and Accounting Supervisory Authority's website at: <a href="http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description of auditors responsibilities for audit.pdf">http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description of auditors responsibilities for audit.pdf</a>. This description forms part of our auditor's report.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud. Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. Owing to the inherent limitations of an audit, there is an unavoidable risk that material misstatement in the financial statements may not be detected, even though the audit is properly planned and performed in accordance with the ISAs (Ireland).

Based on our understanding of the Company and industry, we identified that the principal risks of non-compliance with laws and regulations related to compliance with London Stock Exchange, Borsa Italiana (Italian Stock Exchange), Euronext Paris (Paris Stock Exchange) and Deutsche Boerse (Frankfurt Stock Exchange) Listing Rules and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the local law and tax: Companies Act 2014 and Irish tax legislation.

#### Responsibilities of the auditor for the audit of the financial statements (continued)

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud (continued)

The audit engagement partner considered the experience and expertise of the engagement team to ensure that the team had appropriate competence and capabilities to identify or recognise non-compliance with the laws and regulation. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls) and determined that the principal risks were related to posting inappropriate journal entries to manipulate financial performance and management bias through judgements and assumptions, in particular in relation to significant one-off or unusual transactions. We apply professional scepticism through the audit to consider potential deliberate omission or concealment of significant transactions, or incomplete/inaccurate disclosures in the financial statements.

In response to these principal risks, our audit procedures included but were not limited to:

- enquiries of management and directors on the policies and procedures in place regarding compliance
  with laws and regulations, including consideration of known or suspected instances of noncompliance and whether they have knowledge of any actual, suspected or alleged fraud;
- inspection of the Company's regulatory and legal correspondence and review of minutes of board meetings during the year to corroborate inquiries made;
- gaining an understanding of the Company's current activities, the scope of authorisation and the effectiveness of its control environment to mitigate risks related to fraud;
- discussion amongst the engagement team in relation to the identified laws and regulations and regarding the risk of fraud, and remaining alert to any indications of non-compliance or opportunities for fraudulent manipulation of financial statements throughout the audit;
- identifying and testing journal entries to address the risk of inappropriate journals and management override of controls;
- designing audit procedures to incorporate unpredictability around the nature, timing or extent of our testing;
- challenging assumptions and judgements made by management in their significant accounting estimates;
- review of the financial statement disclosures to underlying supporting documentation and inquiries of management; and
- engagement partner's assessment of the engagement team's collective competence and capabilities to identify or recognise non-compliance with the laws and regulation.

The primary responsibility for the prevention and detection of irregularities including fraud rests with those charged with governance and management. As with any audit, there remains a risk of non-detection or irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations or override of internal controls.

#### The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

#### Report on other legal and regulatory requirements

We were appointed by the Board of Directors on 6 August 2020 to audit the financial statements for the year ended 30 June 2020. The period of total uninterrupted engagement including previous renewals and reappointments of the firm where the Company is considered as public interest entity is 3 years.

We have not provided non-audit services prohibited by the IAASA's Ethical Standard and have remained independent of the Company in conducting the audit.

The audit opinion is consistent with the additional report to the Board of directors.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024

#### 1 GENERAL INFORMATION

The Company was incorporated on 17 July 2017 in accordance with the laws applicable in Ireland under registration number 608059. The Company is a public limited company and qualifies for the regime contained in Section 110 of the Irish Taxes Consolidation Act, 1997 (the "TCA, 1997"). This provides that a qualifying company will be liable to corporation tax at the rate of 25% under Case III of Schedule D of the TCA in respect of taxable profits. The Company's registered office is at Ground Floor, Two Dockland Central, Guild Street, North Dock, Dublin D01 K2C5, Ireland.

The Company has been formed for the purpose of issuing collateralised ETP Securities and entering into a fully funded Swap agreement. Commercial activity commenced in September 2019 with the ETP Securities initially listed on the London Stock Exchange for trading on the secondary market.

The Company established a Collateralised ETP Securities Programme under which the Company issues, on an ongoing basis, collateralised exchange traded products of different classes (each a "Class") linked into indices providing exposure to a range of asset classes including equities, commodities, fixed income and currencies. The ETP Securities may have long or short, leveraged or unleveraged, exposure to the daily performance of the referenced index.

The ETP Securities have been listed for trading on the London Stock Exchange, Borsa Italiana S.p.A. (the "Italian Stock Exchange"), Euronext Paris and Deutsche Boerse (the "Frankfurt Stock Exchange"). The Company uses the net proceeds of the issuance of the ETP Securities to enter into Total Return Swap Transactions ("TRS") to hedge its payment obligations in respect of each Class of the ETPs with one or more Swap Providers once the Swap Provider has delivered eligible collateral. The TRS for each Class of ETP Securities will produce cash flows to service all of the Company's payment obligations in respect of that Class.

The Company's principal activity is the listing and issue of ETPs. The securities are issued as demand requires. The Company purchases a matching TRS from swap providers to hedge its liabilities and ensure the assets can service its liabilities. The number and terms of ETPs outstanding will match the number and terms of ETP Swap Contracts so that the obligations of the Company and the Swap Provider Match. The price of an ETP Swap Contract will equal the price of an ETP. GraniteShares Jersey Limited (the "Arranger") supplied and/or arranged for the supply of all administrative services to the Company and paid all management and administration costs of the Company, in return for which the Company pays the Arranger an arranger fee.

The Company considers the capital management and its current capital resources to be adequate to maintain the ongoing listing and issue of the ETPs.

#### 2 Material accounting policies

#### 2.1 Statement of compliance

The audited financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union and those parts of Companies Act 2014 applicable to companies reporting under IFRS. The accounting policies adopted by the Company have been applied consistently.

#### 2.2 Basis of preparation

The financial statements have been prepared on a going concern basis and under the historical cost convention except for the Company's financial assets and liabilities at fair value through profit and loss.

#### 2.3 New and amended standards and interpretations

New standards, amendments to standards, and interpretations in issue that have been adopted:

Standard	Title of Standard or Interpretation	Effective date
IFRS 17 and Amendments to IFRS 17	IFRS 17 Insurance Contracts and Amendments to IFRS 17	1 January 2023
Amendments to IAS 1	Classification of Liabilities as Current or Non-current	1 January 2023
	Deferred Tax related to Assets and Liabilities arising from a	
Amendments to IAS 12	Single Transaction	1 January 2023
Amendments to IAS 8	Definition of Accounting Estimates	1 January 2023

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### 2 Material accounting policies (continued)

#### 2.3 New and amended standards and interpretations (continued)

The amendments above are effective for annual periods beginning on or after 1 January 2023. The adoption of the standards had no material impact on the Company as at 30 June 2024 and 30 June 2023.

New standards, amendments to standards, and interpretations are not yet effective and have not been adopted early by the Company.

Standard	Title of Standard or Interpretation	Effective date
	Classification of Liabilities as Current or Non-current and	
Amendments to IAS 1	Non-current Liabilities with Covenants	1 January 2024
Amendments to IFRS 16	Lease Liability in a Sale and Leaseback	1 January 2024
Amendments to IAS 7 and IFRS 7	Disclosures: Supplier Finance Arrangements	1 January 2024
Amendments to IFRS 10 and IAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Note 2
,	Fees in the '10 per cent' Test for Derecognition of Financial	
IFRS 9 Financial Instruments	Liabilities	1 January 2024
Amendments to IAS 21	Lack of Exchangeability	1 January 2025

Note 2: In December 2015, the IASB postponed the effective date of this amendment indefinitely pending the outcome of its research project on the equity method of accounting.

There are no other standards, amendments to standards or interpretations that are not yet effective for annual periods beginning on or after 1 January 2024 which have had a material impact on the financial statements of the Company.

#### 2.4 Use of estimates and judgements

The preparation of the audited financial statements requires the directors to make judgments, estimates and assumptions that may affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions will be reviewed on an ongoing basis. Revisions to accounting estimates will be recognised in the period in which the estimates are revised and in any future periods affected.

The principal application of judgement and sources of estimation of uncertainty arise with respect to determining the functional currency (see note 2.5).

#### 2.5 Functional and presentation currency

These audited financial statements are presented in Euro ("EUR" or "€") which is the Company's presentation currency. The directors of the Company believe that Euro is the appropriate presentation currency as it reports to the Central Bank of Ireland in Euro.

Functional currency is the currency of the primary economic environment in which the entity operates. The ETP Securities issued by the Company and swap transactions entered into by the Company are denominated in Euro ("EUR" or "€"), Pound Sterling ("GBP" or "£") and US Dollars (US or "\$). The directors of the Company believe that Euro most faithfully represents the economic effects of the underlying transactions, events and conditions.

#### 2.6 Financial instruments

#### Classification

The Company has adopted the following classifications for financial instruments:

#### Financial assets:

- At fair value through profit or loss: TRS.
- Amortised cost: Cash and cash equivalents and other receivables.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### 2 Material accounting policies (continued)

#### 2.6 Financial instruments (continued)

Financial liabilities:

- At fair value through profit or loss: ETP Securities.
- Amortised cost: other payables.

#### Puttable options:

Security-holders can request for the ETP Securities to be repurchased by the Issuer on a daily basis against the Value per ETP. Security-holders have no ability to influence the issuer's activity.

On that basis, ETP Securities are non-equity instrument but can be considered as bonds with an embedded 1-day put option.

The classification is determined by both:

The Company's business model for managing the financial asset and financial liability.

The Company purchases a matching total return swaps from swap providers to hedge its liabilities and ensure the assets can service its liabilities. The number and terms of ETP Securities outstanding will match the number and terms of swap contracts so that the obligations of the Company and the swap provider match.

• The contractual cash flow characteristics of the financial assets and financial liability.

The Company uses the net proceeds of the issuance of the ETP Securities to enter total return swaps to hedge its payment obligations in respect of each Class of the ETP Securities with one or more swap providers. The total return swaps for each Class of ETP Securities produce cash flows to service all the Company's payment obligations in respect of that Class.

#### Recognition

Purchases and sales of financial instruments are recognised using trade date accounting, the day that the Company commits to purchase or sell the asset. From this date any gains and losses arising from changes in fair value of the financial assets or financial liabilities are recorded through the Statement of Comprehensive Income.

#### Measurement

Financial instruments that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit or loss. Financial instruments are measured initially at fair value (transaction price) plus, in case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Subsequent to initial recognition, all instruments classified as at fair value through profit or loss, are measured at fair value with changes in their fair value recognised in profit or loss in the Statement of Comprehensive Income. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- · it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- It's contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. The financial assets at amortised cost consist of cash and cash equivalents and other receivables.

#### Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### 2 Material accounting policies (continued)

#### 2.6 Financial instruments (continued)

The price per ETP Securities is calculated daily to reflect the daily change in the relevant index of the ETP Securities, and will take into account all applicable fees and adjustments. On the issue date of the class, the price per ETP Securities will be equal to its issue price. On any valuation date thereafter, the price per ETP is calculated according to a formula which reflects the price per ETP on the immediately preceding valuation date.

The TRSs are valued at fair value utilising predefined formula and market prices consistent with the ETP valuation process. In the absence of readily available market prices, the Swap Provider will provide the inputs for the valuation. Where possible, the Company independently calculates the fair value and verifies the Swap Providers valuation with any variation investigated. The valuation determined by the Swap counterparty may be based on assumptions of market conditions at the time of valuation, similar arm's length market transactions if available, reference to the current fair value of similar instruments and a variety of different valuation techniques such as the discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions. All TRSs are carried as assets when fair value is positive and as liabilities when fair value is negative.

#### Transfer between levels of the fair value hierarchy

There were no transfers between levels of the fair value hierarchy in the financial year.

#### Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position where the Company currently has a legally enforceable right to set-off the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

#### Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or when it transfers the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all the risks and rewards of ownership and does not retain control of the financial asset.

Any interest in transferred financial assets that qualify for derecognition that is created or retained by the Company is recognised as a separate asset or liability in the Statement of Financial Position.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised), and the consideration received (including any new asset obtained less any new liability assumed) is recognised in the Statement of Comprehensive Income.

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired.

Net gain/(loss) on financial instruments at fair value through profit or loss

Realised gain/(loss) on financial assets are recorded as part of net gain/(loss) on financial assets (or liabilities) at fair value through profit or loss within the Statement of Comprehensive Income.

Unrealised gain/(loss) relates to gains and losses arising from changes in fair value of financial instruments during the financial year. Unrealised gain/(loss) on financial instruments are recognised within net gain/(loss) on financial assets (or liabilities) at fair value through profit or loss within the Statement of Comprehensive Income.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### 2 Material accounting policies (continued)

#### 2.6 Financial instruments (continued)

#### Expected credit losses

The impairment model applies to financial assets measured at amortised cost and debt investments at FVOCI, but not to investments in equity instruments.

Loss allowances are measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from possible default events within the 12 months after the reporting date; and
- lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument.

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured as 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

See note 14.2 further discussion on credit risk.

#### 2.7 Cash and cash equivalents

Cash and cash equivalents includes cash held with banks which is subject to insignificant risk in terms of changes of fair value with original maturities of three months or less, and are used by the Company in the management of its short-term commitments.

#### 2.8 Other receivables and payables

Other receivables and payables with no stated interest rate and receivable within one year are recorded at transaction price.

#### 2.9 Ordinary share capital presented as equity

Ordinary shares are not redeemable and do not participate in the net income of the Company are classified as equity as per the Company's Constitution.

#### 2.10 Taxation

Income tax expense comprises current and deferred tax. Income tax expense is recognised in the Statement of Comprehensive Income except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the financial year using the tax rates applicable to the Company's activities enacted or substantively enacted at the reporting date, and adjustments to tax payable in respect of previous financial years, if any.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### 2 Material accounting policies (continued)

#### 2.10 Taxation (continued)

Deferred taxation is accounted for, without discounting, in respect of all temporary differences between the treatment of certain items for taxation and accounting purposes which have arisen but have not been reversed by the financial year end date except as otherwise required by IAS 12 'Deferred Tax'. Provision is made at the tax rates that are expected to apply in the financial year in which the temporary differences reverse. Deferred tax assets are recognised only to the extent that it is considered more likely than not that they will be recovered. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

#### 2.11 Other income

The Company is entitled to receive a management fee which is calculated and paid by the Swap Provider by reference to a management fee rate under the specified terms of each relevant TRS by charging the applicable fee rate on the daily market value of each security.

The Company receives income from the Arranger to cover any expenses that are incurred. This is classified as 'other income' in the Statement of Comprehensive Income.

#### 2.12 Administration expenses

The Company pays an arranger fee to the Arranger which is calculated based on the amount of fees received from the Swap Provider. The arranger fees are accrued on a daily basis and are recorded in the Statement of Comprehensive income

Creation and Redemption fees are charged to the Company by the Paying Agent. The Company then charges these to the Authorised Participants. They are charged on a per transaction basis.

Administration expenses include amounts accrued for expenses such as administration and management incurred during the financial year.

#### 2.13 Foreign currency transaction

Transactions in foreign currencies are translated to the functional currency of the Company at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Foreign currency differences arising on retranslation are recognised in the Statement of Comprehensive Income.

#### 2.14 Unearned Income

This relates to the excess cash the that company received from the Arranger to cover for expenses.

The Company receives cash from the Arranger to cover for expenses. Whenever the cash is yet to be received it is recorded as a receivable from the Arranger.

However, when more cash was received from the Arranger to cover for expenses it is recorded as a payable.

#### 3 Net gain on financial assets at fair value through profit or loss

	Financial year ended 30 June 2024 €	Financial year ended 30 June 2023 €
Unrealised gains on financial assets at fair value through profit or loss Realised gain/(loss) on financial assets at fair value through profit or loss	45,150,019 97,043,938	50,127,132 (14,304,987)
	142,193,957	35,822,145

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### 3 Net gain on financial assets at fair value through profit or loss (continued)

Net losses on financial assets at fair value through profit or loss arises from changes in fair value on ETPs listed on the London Stock Exchange, Borsa Italiana S.p.A. (the "Italian Stock Exchange"), Euronext Paris and Deutsche Boerse (the "Frankfurt Stock Exchange").

#### 4 Net loss on financial liabilities at far value through profit or loss

Auditor's remuneration in respect of the financial year audit of financial statements	(63 500)	(64.710)
Tax compliance	(63,500) (10,715)	(61,718) (10,714)
	(74,215)	(72,432)

The Company has no employees and services required are contracted from third parties. TMF Administration Services Limited allocated approximately EUR 1,000 (2023: EUR 1,000) from the corporate service fee received as consideration for the making available of individuals to act as directors of the Company.

#### 7 Taxation

Corporation tax based on profit for the financial year  Factors affecting Company tax charge for the financial year are explained below:	Financial year ended 30 June 2024 € 250	Financial year ended 30 June 2023 € 250
	Financial year ended 30 June 2024 €	Financial year ended 30 June 2023 €
Profit on ordinary activities before taxation	1,000	1,000
Profit on ordinary activities multiplied by the standard rate of Irish corporation tax for the financial period of 12.5%  Effect of higher tax rate (25%) applicable under Section 110 TCA, 1997  Current tax credit for the financial year	(125) (125) (250)	(125) (125) (250)
	Financial year ended 30 June 2024 €	Financial year ended 30 June 2023 €
Corporation tax charged	250	250
Corporation tax paid	(250)	(250)
Ending corporation tax payable		

The Company is a qualifying company within the meaning of Section 110 of the TCA, 1997. As such, the profits are chargeable to corporation tax under Case III of Schedule D of the TCA at a rate of 25%, but are computed in accordance with the provisions applicable to Case I of Schedule D of the TCA. There was no deferred tax during the financial year (2023: nil).

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### 8 Financial assets at fair value through profit or loss

	As at 30 June 2024 €	As at 30 June 2023 €
Fair value of TRS	245,078,546	165,698,150
9 Other receivables	As at	As at
	30 June	30 June
	2024 €	2023 €
Issuer profit receivable	5,000	4,000
Share capital receivable	18,750	18,750
Other receivable	288,932	112,540
	312,682	135,290

Based on the review of the directors, no impairment was recorded for the year (2023:Nil) as the expected losses are considered to be immaterial.

#### 10 Cash and cash equivalents

	As at 30 June 2024 €	As at 30 June 2023 €
Cash and cash equivalents	1,896,626	1,354,119

Based on the review of the Directors, no impairment is recorded (2023:Nil) as the cash and cash equivalents have a low credit risk based on the external credit ratings of the counterparty and any expected losses are considered to be immaterial.

	No.	€	No.	€
Ordinary shares of €1 each	25,000	25,000	25,000	25,000

The Company's capital as at the financial year end is best represented by the ordinary shares outstanding.

The Company issued 25,000 shares which are held by TMF Management (Ireland) Limited on trust for charitable purposes. On 26 March 2019, the shareholder paid up 25% of the share capital.

The Company monitors capital on the basis of the carrying amount of equity, less cash as presented in the Statement of Financial Position.

#### 14 Financial Risk Management

The Company's financial instruments include the financial assets at fair value through profit or loss, other receivables, cash and cash equivalents, financial liabilities at fair value through profit or loss and other payables that arise directly from its operations.

The Board has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company has exposure to the following risks from its use of financial instruments:

- Market risk;
- Credit risk;
- Liquidity risk;
- Operational risk; and
- Concentration risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk and the Company's management of capital.

#### 14.1 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and securities prices, will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk. Market risk embodies the potential for both losses and gains and includes currency risk and market price risk.

#### Foreign exchange risk

Foreign exchange risk is the risk that the fair value or cash flows of a financial instrument will fluctuate because of changes in foreign currency.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### 14 Financial Risk Management (continued)

#### 14.1 Market risk (continued)

#### Foreign exchange risk (continued)

The ETP Securities issued by the Company are denominated in Euro, Pound Sterling and US Dollars. The proceeds of these issuances are used to fund the purchase of the TRSs in Pound Sterling and US Dollars. These are retranslated to EUR using the applicable exchange rates. As the base currency of the TRSs matches the base currency of the ETP Securities there is deemed to be no currency risk to the Company.

The closing exchange rates used are as follows:

	30/06/2024	30/06/2023		
USD	EUR/USD 1.0705	EUR/USD 1.0866		
GBP	EUR/GBP 0.84638	EUR/GBP 0.85828	3	
As at 30 June 2024 USD GBP EUR		TRS Nominal EUR equivalent 159,805,396 70,894,173 14,378,977 245,078,546	ETP issued Nominal EUR equivalent (159,805,396) (70,894,173) (14,378,977) (245,078,546)	Net exposure Nominal EUR equivalent - - -
As at 30 June 2023		TRS Nominal EUR equivalent	ETP issued Nominal EUR equivalent	Net exposure Nominal EUR equivalent
Financial assets				
USD		128,023,157	(128,023,157)	-
GBP		28,359,425	(28,359,425)	-
EUR		9,315,568	(9,315,568)	
		165,698,150	(165,698,150)	

#### Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from currency risk), whether those changes are caused by factors specific to the individual financial instrument or its seller, or factors affecting similar financial instruments traded in the market. The Arranger monitors the cash flows of the financial assets at fair value through profit or loss on a daily basis.

The Company uses the hierarchy below for determining and disclosing the fair value of financial instruments by valuation technique:

The level in the fair value hierarchy in which each fair value measurement is categorised includes:

- Level 1: quoted prices (unadjusted) in an active market for identical assets or liabilities;
- Level 2: inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liabilities that are not based on observable market data (unobservable inputs).

	(245,078,546)	(245,078,546)
30 June 2023	Level 2 €	Total €
30 June 2023 Financial assets at FVTPL		
Financial assets at FVTPL	€	€
Financial assets at FVTPL	<b>€</b> 165,698,150	€ 165,698,150
Financial assets at FVTPL Financial assets at fair value through profit or loss	<b>€</b> 165,698,150	€ 165,698,150

The ETP Securities and TRSs have the same value and are considered to be fair valued under level 2 as the prices are compiled according to a formula which utilises a daily index for each ETP, based on market data as given by a third party provider, net of expenses incurred.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the last day of the accounting year. There were no transfers during the financial year between levels of the fair value hierarchy for financial assets and liabilities which are recorded at fair value, (2023: same).

#### Sensitivity analysis:

Any changes in the values of the TRSs held by the Company would not have any effect on the equity or profit or loss of the Company as any fair value fluctuations are ultimately borne by the holders of the ETP Securities issued by the Company. A 10% change in the value of the portfolio of TRSs held will result in a change in value of EUR 24,507,855 (2023: EUR 16,598,150). This will be offset by an equal change in the value of ETP securities issued, resulting in a net zero impact to the equity or profit of the Company. Therefore, the Company is fully economically hedged against changes in prices of underlying securities.

#### Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates.

As the Company has invested in TRSs to match the ETP Securities, there is deemed to be no interest rate risk to the Company.

The Company has a bank balance at The Bank of New York. Due to the level of cash held in the bank account, the directors do not believe that any movement in interest rates would affect the operations of the Company.

#### 14.2 Credit risk

Credit risk arises from the possibility of obligors failing to meet their obligations to the Company and represents the most significant category of risk.

#### NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### 14 Financial Risk Management (continued)

#### 14.2 Credit risk (continued)

The maximum exposure to the credit risk of the ETP holders at the reporting date was:

	As at 30 June 2024 €	As at 30 June 2023 €
Financial assets at fair value through profit or loss	245,078,546	165,698,150
Other receivables	312,682	135,290
Cash and cash equivalents	1,896,626	1,354,119
	247,287,854	167,187,559

The Swap counterparty is Natixis S.A., which has AA- (2023: AA-) credit rating from Standard & Poor's.

The Company has 5 active bank accounts with The Bank of New York in currencies EUR, GBP and USD with a total Euro equivalent balance of EUR 1,896,626 (2023:EUR 1,354,119).

Other receivables were settled after the financial year end (2023: same).

#### 14.3 Liquidity risk

Liquidity risk is the risk that the Company may be unable to fulfil its obligations, whether expected or unexpected. ETP Securities cannot be issued without a matching investment in a TRS being put in place. ETP Securities can be issued and redeemed daily, therefore this is the earliest maturity date for the purposes of the maturity analysis below.

The return on each issuance of ETP Securities will be linked to the daily performance of the corresponding TRS. The redemption amount of the ETP Securities will be derived from the liquidation of the corresponding TRS.

The following are the earliest contractual maturities of financial assets and financial liabilities:

	Carrying amount	Less than one year	One to five years	More than five years
As at 30 June 2024	€	€	€	€
Financial assets at fair value through				
profit or loss	245,078,546	245,078,546	-	-

Cash and cash equivalents	1,354,119	1,354,119	<u>-</u>	
	167,187,559	167,187,559	-	
Financial liabilities at fair value				
through profit or loss	165,698,150	165,698,150	-	-
Other payables	1,461,409	1,461,409		
	167,159,559	167,159,559		

#### 14.4 Operational risk exposure

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Company's processes, personnel and infrastructure, and from external factors other than credit, markets and liquidity issues such as those arising from legal and regulatory requirements and generally accepted standards of corporate behaviour.

The Board has established processes to manage operational risks. Those processes include appropriate segregation of responsibilities and specific control activities. The Board delegates management and administration function to the Administrator.

#### 14.5 Concentration risk

Concentration risk can arise from the type of assets held in the portfolio, the maturity of assets, the concentration of sources of funding, concentration of counterparties or geographical locations.

A - - 4

The following is the classification of ETPs per industry:

	As at 30 June 2024 Number of ETP issuances	As at 30 June 2023 Number of ETP issuances
Aerospace and Defence	4	4
Banking	4	4
Automobiles	6	6
Beverages	2	2
Coal	2	2
Communication Technology	2	2
Customer Discretionary	8	8
Customer Staples	2	2
Financials	9	9
Healthcare	4	4
Industrials	4	4

	2024	2023
	Number of ETP	Number of ETP
	issuances	issuances
Technology	40	40
Large Cap	4	4
	109	109

Due to the nature of the ETPs issued, any profit or loss arising from the concentration risk will pass on to the holders of the ETPs. There is no residual risk remaining to the Company.

#### 14.6 Offsetting Financial assets and Financial liabilities

The Company does not offset financial assets and financial liabilities. These are presented separately in the Statement of Financial Position.

Financial assets and liabilities are offset, and the net amount presented in the Statement of Financial Position when, and only when, the Company has a legal right to set off the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

As at 30 June 2024	Gross amount of recognised financial assets €	Net amount of recognised financial assets €	Financial instruments received €	Net amount €

#### 15 Contingent assets, liabilities and commitments

There were no contingent liabilities or commitments as of 30 June 2024 (2023: nil). Contingent liabilities are assessed continually to determine whether transfers of economic benefits have become probable. Where future transfers of economic benefits change from previously disclosed contingent liabilities, provisions are recognised in the financial year in which the changes in probability occur.

#### 16 Related party transactions

GraniteShares Jersey Limited is a related party as they act as the Arranger for the Company. It supplies and/or arranges for the supply of all administrative services to the Company. In return, the Company pays the Arranger an arranger fee. Total arranger fee for the year amounted to EUR 2,063,071 (2023: EUR 1,545,357).

The Board is considered the key management personnel of the Company for the financial year ended 30 June 2024. The Board is considered to have authority and responsibility for planning and directing activities of the Company being the purchase and sale of the underlying portfolio. Raja Gul and Aileen Mannion, employees of TMF Management Ireland Limited were directors of the Company during the financial year.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 JUNE 2024 (CONTINUED)

#### 16 Related party transactions (continued)

The Company engages the Administrator for all management and administration functions to manage the operational risk of direct or indirect loss arising from a wide variety of causes associated with the Company's processes, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behaviour. The Corporate Administrator is entitled to receive administrative fees for the services it provides per the terms and conditions of their agreement. TMF Administration Services Limited provides corporate administration services to the Company at arm's length commercial rates.

During the financial year, the Company incurred a fee of EUR 10,166 (2023: EUR 13,311) relating to administration services provided by the Corporate Administrator. The directors, as employees of the Corporate Administrator, had an interest in these fees in their capacity as directors.

The terms of the corporate services agreement in place between the Company and the Corporate Administrator provides for a single fee for the provision of corporate administration services (including the making available of individuals to act as directors of the Company). As a result, the allocation of fees between the different services provided is a subjective and approximate calculation.

Pursuant to Section 305A(1)(a) of the Companies Act 2014 TMF Administration Services Limited allocated EUR 1000 (2023: EUR 1,000) of the corporate service fee received as consideration for the making available of individuals to act as directors of the Company.

The individuals acting as directors do not (and will not), in their personal capacity or any other capacity, receive any fee for acting or having acted as directors of the Company.

There were no other contracts of any significance in relation to the business of the Company in which the director had any interest, as defined in the Companies Act 2014, at any time during the financial year.

The Company has issued nil shares (2023: Nil) to TMF Management (Ireland) Limited on trust for GraniteShares Financial plc.

Unless otherwise stated, none of the transactions incorporate special terms and conditions and no guarantees were given or received. Outstanding balances are usually settled in cash.

#### 17 Significant events during the year

On 1 January 2024, the Company changed address to Ground Floor, Two Docklands Central, Guild Street, North Dock, D01 K2C5, Ireland.

#### 18 Significant subsequent events

There are no significant subsequent events which need to be adjusted or disclosed in the audited financial statements.

#### 19 Charges

The Issuer's obligations to the Noteholders (and certain other Issuer secured parties) are secured pursuant to the Security Deed between, amongst others, the Issuer and BNY Mellon Corporate Trustee Services Limited in its capacity as Note Trustee.

#### 20 Approval of financial statements

The audited financial statements were approved and authorised for issue by the Board on 25 October 2024.
